

**ROYAL BAKING POWDER**

Absolutely PURE

Why these grapes? Because from the healthful grape comes the chief ingredient of Royal Baking Powder, Royal Grape Cream of Tartar.

Alum-phosphate powders are made with harsh mineral acids and must be avoided.

## ARIZONA ORANGES LEAD THE WORLD

The Second Shipment Brought the Highest Price Ever Paid For a Carload of Navel.

The brief item in yesterday morning's paper gives the prices brought by the second car of oranges sent from here to New York, would furnish a sufficient text for a long sermon if one cared to preach it. A little further mention, however, is quite within the realm of news.

The car brought \$2750, which means \$5.75 per box, 100 lbs. Phoenix, and which it is authoritatively announced by Geo. M. Halm of the Orange Growers association, who has been keeping track of such things, is the highest price ever brought for a carload of navel oranges in the United States. The California oranges are selling for about \$2200 per car or considerably less than half as much, and in the language of the auto driver, "That's going some."

The only section that claims competition with the early Arizona fruit is Tulare county, California, and the asking price of navel there at this time is \$2.25 per box. These facts tell their own story.

## A LIQUORLESS ROADHOUSE TIVOLI GARDEN WILL BE

One of the Outcomes of the Jensen Case Yesterday.

The case of J. H. W. Jensen, proprietor of the Tivoli Garden, indicted for the sale of liquor there without a license, yesterday in district court pleaded guilty to one of the five indictments against him and was fined \$250. The other indictments were withheld on the understanding that though Mr. Jensen would still conduct his hotel and restaurant, there should be no more liquor sold at the Garden.

One indictment had been found against John Hartman, one of the bartenders of the Garden, and he is now out on bail. It is not likely that there will be any further action against him. His indictment was found on the theory that the defense in the case of Mr. Jensen might be that the bartender had dispensed liquor without authority.

The two cases of L. J. Rice against the Four Metals Mining company were reset by consent.

The case of the Traveler's Insurance company against J. M. O'Rourke was dismissed on the motion of the plaintiff at the plaintiff's cost. The defendant is the contractor for the Roosevelt dam. The action grew out of the insurance of certain employees on the work against accident.

## A CAMPAIGN SCANDAL SAYS THE TIMES-STAR

A Reply to the New York World's Panama Canal Story.

New York, Dec. 8.—The Daily World has replied to President Roosevelt's letter to Delavan Smith, which it designates as a "scandalous personal attack," and calls upon congress to investigate and learn "who got the money," with reference to the Panama canal \$40,000,000. The World says only William Nelson Cromwell knew, and his sole advisers President Roosevelt and Secretary of State Root. The World accepts the challenge from President Roosevelt, and says Roosevelt's statements are untrue, and that he "knew they were untrue when he made them."

At the conclusion of its article, the World says: "The fact that Theodore Roosevelt as president issued to the public a statement about such an important matter so full of flagrant untruths, makes it imperative that full publicity come at once through the authority and knowledge of congress."

The Times-Star's Reply.

Cincinnati, Ohio, Dec. 8.—The Cincinnati Times-Star, of which C. P. Taft is editor and proprietor, today published a reply to the World's Panama article. It branded as false the story that C. P. Taft and Douglas Robinson, brother-in-law of President Roosevelt, were members of a syndicate which purchased from the French government for \$15,000,000 the canal property, which was sold to the United States for \$40,000,000.

## HOW THE MONEY WAS PAID.

Washington, Dec. 8.—Solicitor General Hoyt, in commenting upon the president's letter to Mr. Foulke regarding the payment for the Panama canal, said today: "I furnished to the president the facts concerning the method of payment of the money for the Panama canal to the French people. The president's statements are absolutely true. The money was paid at the Bank of France to the liquidator, M. Gautron, appointed under a decree of the civil tribunal of the Seine and the amount was apportioned between the new and old companies in the exact proportion decided in this decree of the tribunal."

## AUTOMOBILE ACCIDENT In Which Representative of Guatemala Was Fatally Hurt.

Washington, Dec. 8.—Senator Don Juan Barrios, the Guatemalan minister of foreign affairs, who is in Washington on a special mission for his government, was probably fatally injured and Senator Don Luis Toledo Herrero, the Guatemalan minister to the United States and General John Drummond, age 59, a wealthy planter in Guatemala, were badly hurt in an auto accident late this evening.

The diplomats were riding in a heavy touring car when it turned turtle just after passing over High bridge into Virginia, the occupants being hurled beneath the car and pinned underneath.

## THE MISSING PARTNER OF A PROSPECTOR

He Walked Quietly Away While His Associate Slept.

A prospector by the name of Billy Murray is mysteriously missing. The matter was reported yesterday to the police station and to the office of the sheriff. The name of the partner was not learned. He said that he and Murray were prospectors and they came down into the valley from the hills about a week ago. They established a camp near the Norris ranch south of the capital grounds. Beside their prospecting outfit, consisting of several burros, they had a lot of dogs, for when they were in the mountains they divided their time between looking for mineral and for wild beasts.

The partner said that four days ago, one afternoon he and Murray lay down in their tent to sleep. The partner awoke before evening and found Murray gone. His coat still lay where he had thrown it before going to sleep. His partner did not think he had gone far and was even not alarmed when Murray did not return that night. The next morning he began a search for him, though he did not say anything about the missing man to the authorities at that time.

Murray is described as being a rather young man, of light complexion, small and wearing dark clothing. He had a half interest in whatever was about the camp and had a very little money with him, though his partner understood that he had a small amount in one of the banks here.

The partner had noticed nothing out of the way in the conduct of Murray and says he was not a drinking man.

## A ST. LOUIS TRAGEDY.

A Prominent Citizen a Suicide or Victim of a Murderer.

St. Louis, Dec. 8.—Francis D. Hirschberg, prominent in the Roman Catholic church and a friend of Archbishop Glennon, well known in local club and business circles and a director of the Louisiana Purchase Exposition, was shot and killed in his home at 3818 Lindell boulevard, early today. Whether it is murder or suicide has not yet been determined. Members of the family say it was done by a burglar, but the police say there is no evidence of an intruder in the palatial home.

Hirschberg was shot at the foot of a stairway on the first floor. He walked upstairs to a bathroom and then into his wife's room and fell. He died in a few minutes. His wife is deaf and had not been awakened up to this time. Hirschberg made no statement. He was a leader in the insurance business and the member of a distinguished French family. He was 54 years old.

## AUTOMOBILE RUN TO CASTLE HOT SPRINGS

AT LEAST NINE MACHINES WILL  
MAKE THE TRIP SATURDAY AFTERNOON.

All Others Who Want to Go Will Be Welcomed. Will Return Sunday.

That an automobile run to Castle Hot Springs will be a week end event is now a certainty. A. W. Chaffee, manager of the springs resort who is in the city, devoted yesterday exclusively to working up this project and was given material assistance by Fred J. Tribollet and Arthur Almsworth. Mr. Chaffee was pleased at the readiness with which the motorists fell in with the plan. Nearly every one spoken to was agreeable saying he was ready to go and was only waiting for someone to take the lead and assure him company on the run. Nine machines have already been listed for the excursion and it is quite likely others will go also. Mr. Chaffee could not see all the owners of machines yesterday and wants it understood that every one is welcome who wants to go. Any not listed who are inclined, are asked to leave their names with Fred Tribollet or at the garage of the Phoenix Auto Co.

Those who yesterday signified their intention of going with their own machines are: Fred Tribollet, J. S. Griffin who may be accompanied by R. H. Greene, L. J. Sands, Judge C. F. Almsworth and Arthur Almsworth, each with a machine, Tom Higley, William Callahan, W. T. F. Donald, Mrs. C. E. DeMund, Dr. A. J. Chandler it is believed will go, though he could not be communicated with yesterday and R. B. Burnham will go if he can get away from his business at that time. This makes nine and possibly eleven machines.

The procession will start from Phoenix at noon on Saturday and most of them probably will return on Sunday. This is called merely a preliminary run and President Bullard of the Auto club says that if it is a success, as it is bound to be, he will refer the matter to a committee for the purpose of planning of such an enterprise.

Mr. Chaffee said that the new Cadillac owned by the springs company made a trial spin over the road between Hot Springs Junction and the toll house yesterday. The run to the toll house was made in one hour and five minutes and the return trip in one hour even. The road it is believed will be in fine condition by Saturday all the way to the springs, or in as fine condition as it could be without special working for making it a boulevard.

## RESISTING MEXICAN SHOT AT MARICOPA

He Was Wanted For Giving Liquor to Indians.

Maricopa, Ariz., Dec. 8.—(Special.) Juan, a Mexican, was shot by officers here about midnight while resisting arrest. He was arrested for giving liquor to Indians.

On the way to jail he suddenly jerked loose, drew a Colt's revolver and fired at the officers. He was immediately dropped by an officer's shot. The bullet passed through his body. He was taken to Gila Bend for medical attention. His last name was not ascertained.

## A DAUGHTER SUSPECTED Participation with her Lover in the Murder of Her Family.

Trinidad, Colo., Dec. 8.—Maggie Garcia, aged 18, and Francisco Martinez, who were suspected of murdering the four members of the Garcia family whose bodies were found in their home Friday night with their heads split open with an axe, were found dead yesterday, twenty miles west of the Garcia ranch, in the extreme eastern part of Las Animas county. Both were shot through the head. Apparently Martinez murdered the girl and then committed suicide.

The posse located Martinez and the girl Sunday night in a lonely canyon and a guard was placed. Escaping being cut off, Martinez killed the girl and then himself. He had forced the girl to walk with him to where the bodies were found, having no horse. Martinez was pardoned from the New Mexico penitentiary a year ago. He had been ordered away from the Garcia ranch, eighty-five miles from Trinidad. The murder of four and the abduction of the girl then followed.

## REDEWILL'S First In The Thought of Piano Buyers

The reason is apparent to anyone acquainted with Piano Values. The great sale of Pianos, which had its beginning last Tuesday morning, presents economical opportunities without precedent. It's a sale of brand new Pianos with an evenness of scale, purity of tone, perfection of touch, lasting quality and handsome design, seldom equaled. If you have a wife or daughter who is figuring on getting that piano (promised long ago) for a Christmas gift, you'd better take advantage of the biggest snaps ever presented on the very eve of Christmas.
